Mr. and Mrs. H. C. Sharp have received word that their eldest son, Windsor, of Huntington, W. Va., was married in Chicago last Tuesday to a Miss Williamson of West Virginia.

Competition

Commercial Union.

Your hardest competitor is not the man who underbids you, nor is he the man who underbuys you, but he may do both of these. The competitor you need most to fear is the man who uses brains plus energy plus system to keep things moving all along the line—always. Competition is no longer so much a matter of price as it is a matter of brain.

Branching Out

The style of the firm of Cloninger & Porter, 19 West Fifth avenue, Columbus, O., has changed to that of Cloninger & Bridges. Colonel Samuel P. Bridges of this city having bought the half interest of the junior member. This established and popular firm manufactures all kinds of flavoring extracts, syrups, root beer, cola syrups, ginger ale and lemonade. Colonel Bridges' many Kentucky friends wish him good luck and plenty of it.

BAPTISTS HOLDING BIG MEETING

MADISONVILLE, KY., November 14th.—Today the general association of Kentucky Baptists devoted its session to education, Judson centennial and woman's work. Theological education was considered yesterday and Prof. Robertson of Louisville, asked for \$2,500 to aid students. A collection of \$3,000 was taken, the largest in the history of the seminary. There are now 275 students and fifty more are coming, making the seminary's greatest attendance. Of these forty-two are from Kentucky.

ARMY OF HUNTERS

In Fields and Woods Today In Mason County

Four Hundred and Fifty Licenses Issued By County Clerk Owens

The march of the victorious Hulgarians in Turkey is somewhat similar to the invasion of the intrepid hunters today in Mason county in quest of the elusive game, and rabbits, quail and other birds will be slain by the thousands.

Yesterday County Clerk Owens issued sixty licenses bringing the total up to four hundred and fifty. It should be kept in mind that every hunter must carry his license with him. Should a Game Warden happen to pounce upon him and find him without the necessary papers a heavy fine is the penalty.

It is to be hoped that there will be no serious or fatal results from the day's sport and that the tired hunters will return home tonight loaded down with game and well satisfied with their day in the field and woods with gun and dogs.

BUILDING OF SCHOOLS

Prof. Hamlett Makes Flattering Statement of Work That Has Been Done

The expenditure of a quarter of a million dollars in the erection of new school buildings throughout Kentucky since the first of the present year and an increase of 25% in the school attendance, exceeds all previous records in the history of the state, according to a statement made by Professor Barkedale Hamlett, State Superintendent of Public Instruction. He said "the increased attendance is due to the stringent compulsory educational law passed by the last Legislature, and its strict enforcement by the officers in the various counties in which it had been violated."

Prof. Hamlett said the increase in buildings was fully 200% over preceding years, and that at the present time every county in the state with the exception of two can boast of a high school, and that in a short time schools of a similar nature will be built in those counties.

Shortly after he assumed the duties of the office to which he was elected last year Prof. Hamlett began to draft laws to be presented to the Legislature for consideration, and after a hard campaign he succeeded in getting most of the measures on the statute books and as a result education has been given a decided boost in Kentucky. His work has met with the approval of the Women's Clubs throughout the state, all of which are taking an active interest in educational work at the present time.

HELP THE KIDNEYS

MAYSVILLE READERS ARE LEARNING THE WAY

It's the little kidney pills—
The lame, weak or aching back—
The unnoticed urinary disorders—
That may lead to dropsy and Bright's disease.

When the kidneys are weak,
Help them with Doan's Kidney Pills,
A remedy especially for weak kidneys.
Doan's have been used in kidney troubles for over 50 years.

Endorsed by 30,000 people—endorsed at home.

Proof in a Maysville citizen's statement.
Long Stevens, Maysville, Ky., says: "I can recommend Doan's Kidney Pills to anyone who suffers from backache and kidney weakness. My kidneys were not of order and I had backache, attended with pain which extended into my kidneys. The kidney secretion was irregular. Doan's Kidney Pills had been used in my family so I gave them a trial. They made me entirely better."

For sale by all dealers. Price 50 cents.

MAP OF THE WORLD

First Sheet Issued of United States Section of Millionth Scale Map

The first sheet of the United States portion of the international map of the world has just been issued by the United States Geological Survey and includes Rhode Island and portions of New York, Connecticut, Massachusetts, New Hampshire, Maine and Nova Scotia. This world map, recently undertaken by agreement among the leading nations, is being prepared on the scale of 1 to 1,000,000—that is, 1 linear inch on the map represents 1,000,000 inches, or nearly 16 miles, on the earth's surface. The map is to consist of about 1,500 sheets covering all the land areas of the world, each sheet representing 4 degrees of latitude and 6 degrees of longitude. The sheets will be numbered according to a scheme covering the whole world, and the symbols indicating the natural features and the works of man will be uniform on all the sheets. It has been the dream of geographers for many years to have an international map scientifically constructed on a uniform scale, and the work is now under way. The maps at present available, printed on all sorts of scales, in geographies and atlases, where the most important areas are allotted the greatest space, inevitably lead to misconceptions as to the relative size of the different countries. Thus it may not be generally realized that the area of Scotland and Ireland together is less than any one of our five largest States; or that Texas is much larger than France, or that the new States of New Mexico and Arizona are each larger than the combined areas of the Balkan countries of Bulgaria, Roumania, Serbia and Montenegro, now engaged in war with Turkey; or that Argentina is more than three times the size of the thirteen original States. With an international map on a uniform scale the study of comparative geography will become far more fascinating and instructive.

The sheet just issued, which is numbered "North K 19" and known as the Boston sheet, is printed in six colors and shows all the principal cities and towns, railroads, main wagon roads, and other works of man, and the rivers, lakes and other water features. The different depths of the ocean are denoted by contour lines, or "depth curves," and various shades of blue, and the relief, or altitude of all parts of the land surface, by contour lines and color gradations, from pale green to brown, a different tint being used for each 100 meters of altitude. The sheets for the completed millionth map of the world would if combined cover an area about 150 feet by 75 feet or a globe 40 feet in diameter; the United States portion would be about 16 feet in width, a very large wall map. The Boston sheet is 24 by 25 inches and this will be the size of most of the United States sheets. The maps of areas at the far North covering 6 degrees of longitude will of course be much narrower than those of areas covering 6 degrees at the equator.

At the present rate of progress the United States portion of the international map should be finished within eight or ten years. It will be by far the best map of the country in existence.

The Minerva High School boys won the basketball game from Maysick Saturday score 15 to 9. Referee, Jackson, Maysville.

Carried \$192,000 Insurance

Cornelius Brerly, 27, a prominent business man of Homestead, Pa., who was killed by a train at Clayville, Pa., carried \$192,000 worth of life insurance payable to his wife and to his parents. As nearly all this amount was taken out a month or two ago, the insurance companies holding the policies will, it is learned, make the usual investigation to determine how he came to his death.

TENNESSEE LEADS

In Number of Deaths From Tuberculosis—4,000 Die Annually

Tennessee stands at the top of the list of states with the most deaths from tuberculosis. About 4,000 persons die annually from tuberculosis in Tennessee. There are at the present time 20,000 persons sick with tuberculosis in the state. Economic loss to Tennessee of \$32,000,000 annually is the estimate of deaths by tuberculosis. There are more deaths from tuberculosis in Tennessee than from smallpox, scarlet fever, measles, bronchitis, diphtheria, typhoid, the whooping cough and pneumonia.

CORRESPONDENCE

ABIGAIL

Mr. John Owens visited Thomas Woodward and wife of Salem Sunday.

The School Improvement League met at the school house Tuesday night to make arrangements for a Christmas entertainment.

Misses Maggie Orms and Bertha Phillips visited Mrs. C. K. Kabler Friday night.

Mr. Charlie Woodward and Miss Lila Berry attended the teachers' meeting at the Twolick Church Saturday.

Mr. Mace Henson and family visited John Henson Sunday.

Mr. Ben Osborn and wife visited relatives at Salem Saturday and Sunday.

Mrs. Ed. Barnett and children visited relatives at Brooksville Saturday and Sunday.

Mr. John Osborn returned home Tuesday after a several days' stay with relatives at Carlisle.

Deputy Sheriff Parker of Nicholas county was here Tuesday and took with him to Carlisle William Edgar, Negro, who was wanted for bootlegging whiskey.

TALKED 3,000 MILES

WASHINGTON, November 12th.—Wireless communications with the Mars Island Navy Yard, California, more than 3,000 miles away, has been established by the high-power wireless at Ft. Meyer.

The call of the local station was answered promptly and the "talk" went on uninterruptedly for half an hour. The sound waves were clear and perfect.

WILD WEST PICTURES CRAZED BOY

Walter Smith, 15, whose home is in Erlanger, was ordered taken to the Reform School at Greendale, Tuesday by the Juvenile Court at Covington. Testimony showed that the boy has been attending nickel shows, especially those of the Wild West order, until it was thought by his relatives that his mind had become affected. Monday night the testimony showed that he dressed up as an Indian and is alleged to have threatened to set several houses afire. He was locked in the Erlanger Jail, and afterward brought to the Juvenile Jail in Covington.

Pains All Over!

"You are welcome," says Mrs. Nora Guffey, of Broken Arrow, Okla., "to use my letter in any way you want to, if it will induce some suffering woman to try Cardui. I had pains all over, and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardui, I am in better health than ever before, and that means much to me, because I suffered many years with womanly troubles, of different kinds. What other treatments I tried, helped me for a few days only."

TAKE CARDUI The Woman's Tonic

Don't wait, until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.

You would always keep Cardui handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system make life seem hard to bear. Cardui has helped over a million women. Try it.
